Costs for Services Related to Traditional Surrogacy

All of these services are on an AS NEEDED basis. We will determine which ones your situation requires before starting treatment.

1. Semen collection kit: \$40.
2. Semen collection kit for multiple collections: Add \$15.00 for each additional collection planned.
3. Overnight shipping is paid by intended parents. We require a credit card number so the shipper can bill IPs directly.
4. Semen freeze/thaw: \$150.
5. Semen storage: \$190 per year.
6. Semen analysis if needed: \$100.
7. Intrauterine insemination: Fresh specimen with sperm wash: \$376
 IUI-ready frozen specimen: \$286
 Non-IUI-ready frozen specimen
 (thaw, wash, insemination): \$426
8. Pelvic ultrasound: \$384
9. Typical office visit: \$211
10. Labs:

FSH	\$ 56	HBV	\$ 20
LH	59	HCV	24
HCG	56	RPR	10
MLP4	53	Chlamydia	40
Estradiol	84	Gonorrhea	40
HIV	17	Venipuncture	12
11. FDA mandated labs, if needed: \$800
12. In-office infertility consultation: \$446
13. Physical exam (infectious disease screening): \$211
14. Coordination fee: When IPs and surrogate live locally: \$ 500
 When surrogate is local and IPs live out of state: \$1,000
 When both IPs and surrogate live out of state: \$1,500
